velda

brings life to your pond

[www.velda.com](http://www.velda.com)

The bubbly  
eye-catcher  
artistic water spitter

*Belinda*

*Belinda will fill your pond and the surroundings with ambiance and humour. Belinda is a blast for every garden, brimming over with good cheer. She is perfect for romantic gardens with lots of vegetation and curved lines. Also in gardens with sharp shapes, the busty Belinda provides a cheerful contrast . . . with a cheeky smile.*
